New for ICIP 2016:

- Maximize the visibility of your work via early free access: Papers accepted to ICIP 2016 will (upon author approval) be available on IEEE Xplore, *freely accessible and downloadable by all* in their final format from August 25, 2016 to October 6, 2016.

- Cast your votes for the finalists in the Visual Innovation Award by September 27, 2016: The Visual Innovation Award was created to recognize pioneers of transformative technologies and business models in areas within the technical scope of the IEEE ICIP conference series.

- Boost the reference to your work through reproducible research: ICIP 2016 supports reproducible research by allowing authors to submit supplementary material, including code and data.

- Expand your networking and career connections: attendees will be given the opportunity to upload their CVs to be shared among interested recruiters for full-time, part-time, and consulting job opportunities.

- Experience state-of-the-art technology products and prototypes at the ICIP 2016 Visual Technology Showcase.

For more details on this and other new initiatives at ICIP 2016, visit 2016.ieeeicip.org and connect on social media.
